### External Input Training on ReactJs by HitbullsEye.

Jan'23 – Feb'23

- Completed a comprehensive React training program focused on building scalable, modern web applications using React.js.
- Learned how to build responsive and accessible user interfaces using React.
- Gained practical experience with React concepts such as JSX, components, state management.

## PROJECTS

### Portfolio [\[GitHub\]](#)

Jun'23 – Jul'23

Domain: HTML, React, Tailwind CSS

- Designed and developed a dynamic and visually appealing portfolio website.
- Created a seamless navigation system that allows visitors to easily explored different sections of the portfolio.
- Utilized react capabilities to create a responsive website that adapts to different devices and screen sizes.

### To Do List App [\[GitHub\]](#)

Jan'23 – Feb'23

Domain: HTML, CSS, JavaScript, React

- Project was based on the list of tasks anyone wants to complete or things that anyone wants to do.
- It shows all the functionalities like name of the task, its description, Date and time, edit and delete task.
- Worked with state management using React hooks ensuring that the state of the app was consistent across components and interaction.

### MovieLand [\[GitHub\]](#)

May'22 - Jun'22

Domain: HTML, CSS, JavaScript, React

- Developed a website to search the movies using API.
- Described about the searched movie like actors, directors, Imdb ratings, etc.
- Creating an engaging and intuitive user experience for movie enthusiasts, allowing them to easily discover and explore movies based on their preferences and interests.

## ACHIEVEMENTS

- 5 Star rating in C++ on HackerRank. Feb'23
- Earned Golden Badge on HackerRank for achieving a proficiency in [C++]. Jan'23

## EDUCATION

- B.Tech. in Computer Science  
Lovely Professional University | Phagwara  
Current CGPA: 8.22  
Nov '20 - Present
- Intermediate  
Guru Tegh Bahadur Public School | Meerut  
Percentage: 82.2%  
Jun '19 - Mar '20
